

# DAILY HEALTH SCREENING FLOW CHART

## Screen for COVID-19

REVISED 2-16-2022

### NO FLAGS

Proceed to school.

### DIAGNOSIS, NO SYMPTOMS

Cannot go to school today.

Home for 5 days with NO SYMPTOMS. Must wear a mask for an additional 5 days, regardless of a mask exception on file.

### POTENTIAL POSITIVE TEST

Cannot go to school today.

- Planning on getting tested for COVID.
- Student is awaiting test results.
- Is experiencing COVID-like symptoms.

### AT LEAST 1 SYMPTOM\*\*

- Fever
- Chills
- Shortness of breath/difficulty breathing
- New cough
- New loss of taste or smell

Cannot go to school today.

- Home for 5 days since first symptoms, no fever for 24 hours (without the use of fever reducing medicine) AND symptom improvement, including coughing and shortness of breath.
- If negative PCR/molecular COVID-19 test: Home until no fever for 24 hours (without the use of fever reducing medicine) AND have felt well for 24 hours.
- If received an alternative diagnosis from a health care provider and they determine no COVID-19 testing is needed then student can return to school following normal policies once there is no fever without the use of fever-reducing medicines and have felt well for 24 hours. The health care provider is not required to detail the specifics of the alternative diagnosis that would explain symptoms.

\* Exposure refers to being within 6 feet of someone diagnosed with COVID-19 for 15 minutes or more cumulative over a 24-hour period .

\*\* The more narrow set of COVID-19 symptoms listed here reflects required exclusionary symptoms in order to avoid over-exclusion of people from school facilities .
